ABOUT

Lord Phly is an Author, Professional Speaker and Curator whose mission is to leverage his knack for influence by inspiring young entrepreneurs to live an unapologetically D.O.P.E lifestyle through self awareness and creativity. Lord Phly came into this world the child of two teenage parents, both terrified & within their own right in search of what to do with life so much so, that no one was aware of his mother's pregnancy, a secret until one month after birth, adoption and revealed truths. Chaos intertwined within his first experiences showed his purpose in those moments that changed the course of what was to come. Lord Phly presents an aura and energy of inspiration, giving those readily connected to him motivation to push forward past adversity.

ASPIRE TO INSPIRE BEFORE YOU EXPIRE

Have you ever felt like you were walking backwards? Or have you ever felt like you were not consistently making the progress you needed to make? The biggest life lesson is to learn how to own your purpose! And with that purpose comes a responsibility to inspire by any means necessary. Setting the tone of "Each day I aspire to inspire before I expire" means everyday you choose to Drive Out Purpose Expediently (D.O.P.E). Lord Phly engages in a dynamic presentation about self-awareness and owning the power of your purpose.

DRIVING OUT PURPOSE EXPEDITIOUSLY

Lord Phly, believes that every person should be D.O.P.E! Everything that we say or do requires substance and reasoning. Drive Out Purpose Expediently and never apologize for it. This was developed to highlight that self-awareness is key, and to achieve true self-awareness is a consistent process of evolution. Engaging in this process brings you closer to living an unapologetically D.O.P.E lifestyle.
